JUNE 1885.

Camels procurable in Oman for transport purposes.

E 147-149

No. 147.

No. 86, dated Bushire, 1st May 1885.

From—COLONEL E. C. ROSS, C.S.I., Political Resident in the Persian Gulf and Her Majesty's Consul-General for Fars,

To—H. M. DURAND, Esq., C.S.I., Secretary to the Government of India, Foreign Department.

I have the honor to submit, for the information of His Excellency the Viceroy and Governor-General in Council, copy of the marginally noted letter from Her Britannic Majesty's Political Agent and Consul, Muscat, giving some information as to number of camels that Oman could supply for transport purposes.

No. 132 of 26th April 1885.

No. 148.

No. 132, dated Muscat, 26th April 1885.

From—LIEUTENANT-COLONEL S. B. MILES, Her Britannic Majesty's Political Agent and Consul, Muscat,

To—COLONEL E. C. ROSS, C.S.I., Political Resident in the Persian Gulf and Her Majesty's Consul-General for Fars.

In view of the present unsettled state of affairs on the Indian frontier, I have lately made some enquiries as to the number of camels that Oman could supply should Government be in need of any for transport purposes.

2. The chief breeders of camels in this part of Arabia are the Bedouin tribes of Sharkiyeh, and next to them the chief holders are the tribes of Dhahireh.

I think that in these two districts about 3,000 camels could be collected in a short time and possibly a much larger number. The average price for really good animal would be about \$25.

No. 149.

No. 820-E., dated Simla, 28th May 1885.

Endorsed by Foreign Department.

Copy forwarded to the Military Department for information.

No. 821-E.

Copy forwarded to the Intelligence Branch, Quarter-Master-General's Department, for information.
